TYPICAL
CREATIVE
INSTALLATION

THE PERFECT FIT

With 11'6" slab heights and 26'-28' column spacing throughout, there is space for every aha moment.

TYPICAL TOWER
FLOOR PLAN

COLLABORATE, NATURALLY

Bump shoulders with colleagues on the connecting staircase that weaves through contiguous 14th, 15th, and 16th floors. Sometimes unplanned meetings are the most productive.

CONTIGUOUS
BLOCK

The building offers endlessly inspirational views of old and new NYC icons through large windows, namely the Empire State Building, Chrysler Building, and One Vanderbilt.

SPARK IMAGINATIONS

A WARM WELCOME

Designed by Emery Roth & Sons, 622 Third Avenue is a 39-story Class A LEED-certified office tower. MdeAS Architects updated the spacious lobby with skylights and beautiful hanging light fixtures that emit a warm golden glow.
